

# 10/6 COALITION AGAINST TERRORISM

## HOW DO YOU SAY 9-11 IN SPANISH?

# CUBANA 455

## CHRONICLE OF OCTOBER 6

On October 6, 1976, a civilian flight, Cubana 455, was bombed in-flight off the coast of Barbados killing seventy-three civilians. This barbaric act happened thirty-five years before 9-11 and was the first terrorist act against a civilian airliner in-flight. The 10/6 Coalition Against Terrorism works for the establishment of an International Day Against Terrorism to honor all victims of terrorism around the world.

Our diverse coalition re-examines the sabotage and exposes what happened, who was behind the crime and how the terrorists were treated favorably - especially by the U.S. government. A new documentary film by American filmmaker Enrique Berumen entitled "Cubana 455" reveals a new documentary film by American filmmaker Enrique Berumen entitled "Cubana 455" reveals as an educational tool to create a U.S.-based movement which will support the observation of October 6 as an International Day Against Terrorism. The Caribbean region will have its first Day Against Terrorism on October 6, 2023.

We condemn all forms of terrorism. We urge you to join us and sponsor a screening of "Cubana 455" to further the cause for a day which honors all victims of terrorism. Contact us at: docuCubana455@gmail.com
